## Section 3 - Executive Summary

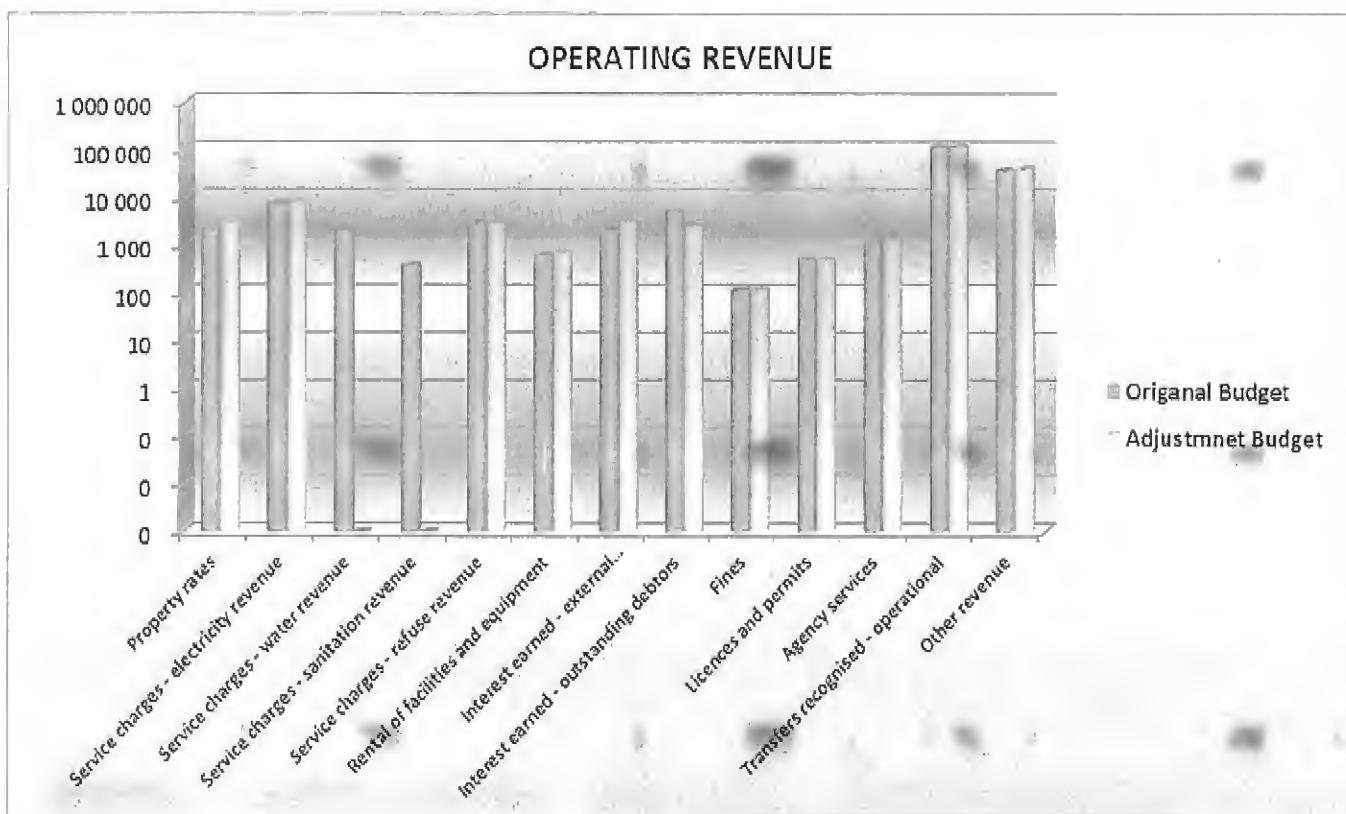

### 3.1 INTRODUCTION

It became evident during the mid-year assessment that the bulk purchases and Employee related costs were totally inadequate and that this needed to be corrected via the adjustment budget and that adjustment needed to be made to the Government grants and allocations.

### 3.2 OPERATIONAL BUDGET

The overall changes made to the 2014/2015 budget can be best illustrated in Chart 1 and 2 below.

*Chart 1 - Operational Revenue Budget*

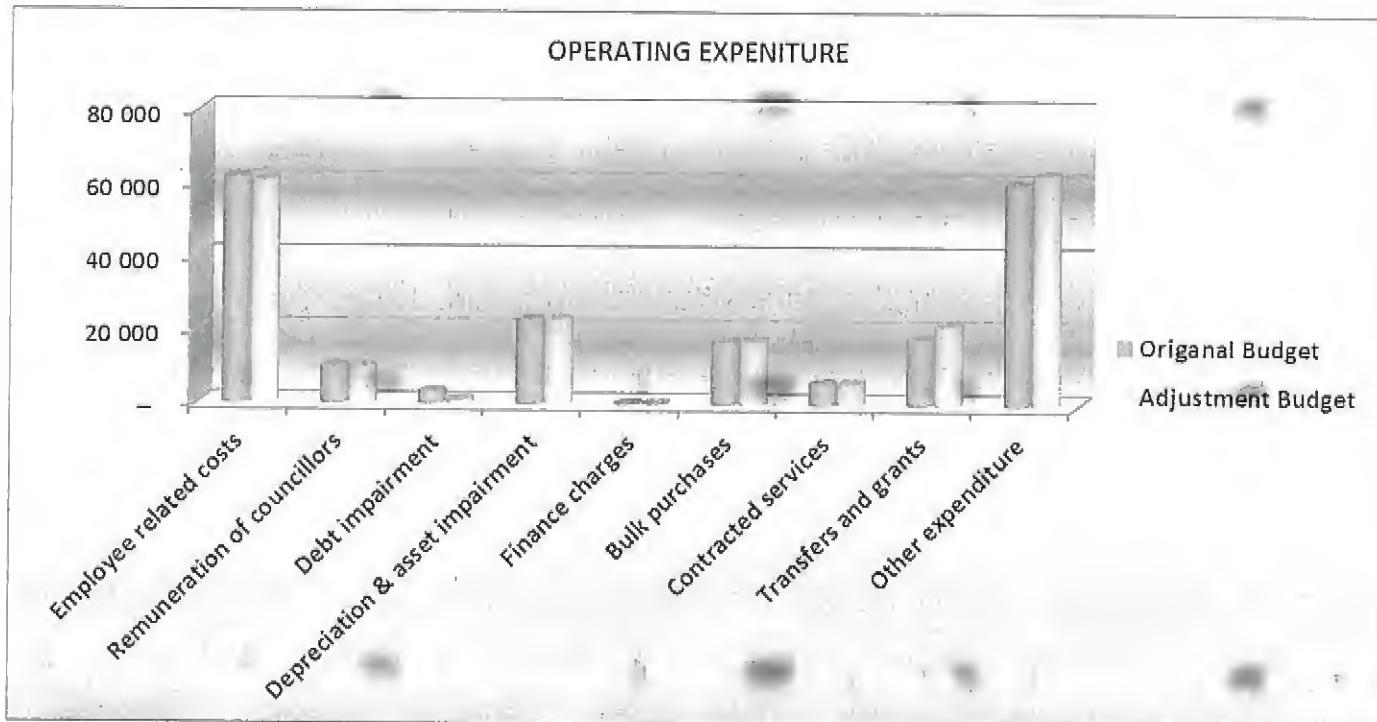

The operational revenue budget including capital transfers recognised has been adjusted upwards by R 4,078 million or 2.42% from R 168,5 million to R 172,6 million. The biggest portion of the increase is due to the transfer of Grants. The rest of the increase is due to increased billing on property rates. Service Charges were decreased with Water and Sanitation charges while Other Income (Recurrent Grant from CHDM) was increased with the same amount.

The revenue from internal investments was adjusted downward to R 2.540 million while revenue from external investments was increased with R1 million.

## ADJUSTMENT BUDGET 2014/2015

Chart 2 - Operational Expenditure Budget

The operational expenditure has been adjusted upwards by R3, 514 million or 1.76% from R 199,455 million to R 202,969 million. This little increase and increase in revenue has resulted in the budget running into a small surplus. As a result the budget has a surplus of R 136 thousand.

The detail amounts of both revenue and expenditure for the adjustment budget are included in Table B2 & B4 in Section 4 of this report.

### Capital budget

The capital budget was adjusted upwards from R 38,223 million to R 41,071 million.

The adjustment budget will be funded as follow:

- National Government Grants - R 30,537 million
- Provincial Government Grants - R 430 thousand
- Own Internal Generated Funds - R 10,104 million

Refer to Annexure 1, 'Supporting Table SB19 List of Capital Projects affected by the Adjustments Budget'.

### 3.2 Provision of basic services

No Change

### 3.3 Effect of the adjustments budget

#### 3.3.1 Service delivery and budget implementation plan

The adjustment of the monthly revenue and expenditure targets will have effects on some of the Service delivery and budget implementation plans as follows;

- Capital projects were increased.

#### 3.3.2 Service delivery agreements

No major changes to service delivery agreements except those mentioned in paragraph 3.3.1 will be affected by the adjustment budget.

#### 3.3.3 Medium term revenue and expenditure framework

The effect to the outer years has not been included.

#### 3.3.4 Long term financial sustainability

The municipality finds itself under severe financial pressure due to a combination of poor accounting practices and the need to comply with current accounting prescripts which were not applicable before.

There is a further requirement that the municipality must have sufficient cash to cover the accumulated surplus disclosed in the financial statements.

These factors require that the municipality should start building sufficient cash reserves going forward to cover these funds.

It would place tremendous pressure on the operational and capital budget in order to achieve this.

Refer to Section 4 'Table B9 Cash backed reserves/accumulated surplus reconciliation'.

### 3.4 Adjustment highlights

The adjustments budget seeks to comply with section 28 of the MFMA. The adjustments can best be discussed according to the sub-sections below:

- Budget Reforms

The budget regulations promulgated in terms of the MFMA prescribes the format of the budget. Even the layout of this report is prescribed in terms of the MBRR. All of these reforms will be adhere to with the acceptance of this budget. All line items were coded, both for cash flow, financial performance and financial position in order to be able to extract and complete the prescribe schedule B.

- Transfers and Grants

A system should be adopted in order to ensure that only projects and programmes for the funding has been secured via a DORA allocation or approved Provincial gazette is included.

- **Shifting of Projects**

At face value it creates the impression that no system exists to prioritise projects based on project plans that can be executed at short notice. A few changes have taken place in the adjustment budget when compared to the original budget

### 3.5 Conclusion

This Adjustment Budget provided the final opportunity to adjust the financial targets and to increase or reduce the focus on certain focus areas for the current financial year ending at 30 June 2015.

## Section 5 - Adjustments to budget assumptions

No changes were made to the budget assumptions as included in the A Schedule for 2014/2015.

## Section 6 - Adjustments to budget funding

### 6.1 Summary of the impact of the adjustments budget

#### 6.1.1 *Funding of operating and capital expenditure*

The cash and cash equivalent situation indicates a decrease from R50,993 million at the beginning of the year to an estimated R 34,453 million by the end of June 2015.

The cash flow on capital assets from own sources (Equitable share) to the value of R 10.104 million place an additional burden on the cash and cash equivalents.

Refer to Annexure 1 'Supporting Table SB15: Adjustments Budget - monthly cash' for further details.

#### 6.1.2 *Financial plans*

At this stage Emalahleni Municipality has not yet adopted a long-term financial plan that is fully funded. It is therefore difficult to provide inputs on how the adjustment budget will influence the financial plan.

#### 6.1.3 *Reserves & Provisions*

None of the reserves or provisions will be cash backed at 30 June 2015. The provisions to be cash funded will amount to R 84,647 million; whilst no reserves exist currently. The provisions are mainly debt impairment and provision for depreciation.

#### 6.1.4 *Financial sustainability of the Municipality*

The financial sustainability of the Municipality is under pressure due to the unfunded provisions as mentioned in par 6.1.3 above and unspent grants.

These provisions include the following:

- Post-retirement health care benefits;
- Staff long service awards; and
- Staff leave
- Landfill site
- Depreciation
- Debt Impairment
- Performance bonuses

Refer to Annexure 1 - 'Supporting Table SB6 Adjustments Budget - funding measurement' for more detail.
